

THE GARDNERVILLE WATER COMPANY

The Gardnerville Water Company is a non-profit company owned by the property owners of Gardnerville and managed by a five-member board of directors. GWC Board of Directors are elected by the property owners of Gardnerville. The elected board of directors manages and directs the water company. The manager/engineer is hired by the board of directors to oversee day-to-day operations, oversee capital improvements, review commercial and residential improvement plans, and manage support staff.

The GWC's service area continues to grow, as does the amount of water pumped each year in the water company service area. In 2017, the seven production wells owned by the water company produced over 355 million gallons of water distributed to the customers. GWC is one of the few companies that do not treat the water distributed.

The GWC has about 2,500 water service connections including residential, commercial, and irrigation. Every connection has a water meter that is read in-house utilizing Sensus Flexnet AMI technology.

Best Water! Best Service!

***Work
with the
Gardnerville
Water
Company***

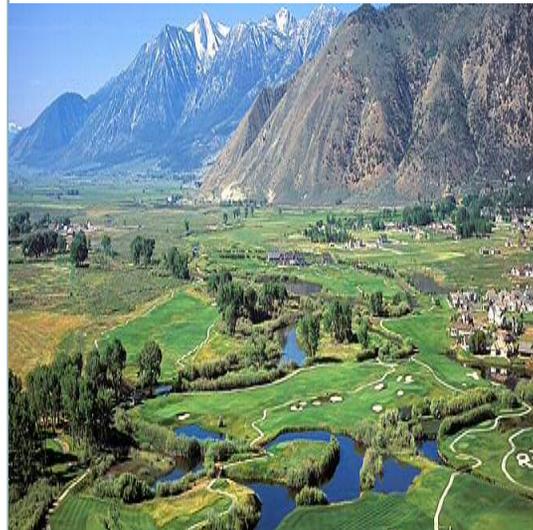

Gardnerville offers the facilities and amenities of a metropolitan area, yet remains pleasantly rural with easy access to all services. It is a region filled with opportunity, industry, technology, a superior quality of life and no personal income tax!

Gardnerville is pasture lands and working ranches set against the mountains remind you of the valley's ranching roots and those same open spaces, provide an abundance of recreation. Hiking and biking trails wind through Carson Valley.

Whether it is horseback riding, mountain or road bike, hot air balloon, ATV or motorcycle, you will have a great time. For water sports enthusiasts, Lake Tahoe, just 15 minutes north, or Topaz Lake, 15 minutes south, of Gardnerville are known for its waterskiing and wakeboarding, fishing and boating. Lake Tahoe is well known for its skiing, fishing, beauty and more!

Golfers will feel right at home here. Four valley courses, varying widely in terrain and difficulty, are a reason to visit in themselves. Whether you prefer tight fairways that meander along the river or open links-style courses tucked against the mountains, you'll find a challenge here, and typically those challenges are available year round.

Every February, during the calving season, eagles and other birds of prey come to the valley and bald and golden eagle sightings are common. Eagles & Agriculture, a gathering that celebrates this phenomenon, provides lectures, sighting tours and photography workshops during the height of the viewing period.

Eagles & Agriculture is just one of the special events held in Carson Valley during the year. The Genoa Cowboy Poetry & Music Festival, held in the spring. June's Carson Valley Days, a salute to small American towns, brings concerts, a parade, arts and crafts shows and more to the towns. Each September features the return of the Candy Dance, a Genoa tradition 90+ years old, which began as a way to raise funds for town improvements. Over the decades it has grown into an event that draws tens of thousands of visitors for the candy and the offerings of artisans from all over the West.
